

### Low Carbon Transit Operations Program (LCTOP)

### PROJECT DESCRIPTION AND ALLOCATION REQUEST (SUMMARY)

Proi	ect	Info	<u>rmati</u>	on:

Golden Gate Bridge, Highway & Transportation District (GGBHTD)
Purchase Three (3) 40-Foot Diesel-Electric Hybrid Buses
Ai: Purchase, operate and maintain zero-emission or hybrid vehicles and equipment
The project includes procurement of three 40-foot diesel-electric hybrid buses to replace three 40-foot diesel-powered buses in the District's active fleet that have reached the end of their useful lives.
San Rafael, Marin County, CA
2017
2029

**Funding Information:** 

Funding Year:	FY 2015-16			
Requested Amount of PUC 99313:	\$163,859			
Requested Amount of PUC 99314:	\$964,017			
Total LCTOP Funding:	\$1,127,876			
Total Project Cost:	\$2,466,450.00			

### **Project Benefits:**

**Greenhouse Gas Benefits (off of worksheet)** 

Estimated GHG Reduction:	2,860
Project Life:	12

### PROJECT DESCRIPTION AND ALLOCATION REQUEST (ALLOCATION)

Project Lead: Golden Gate Bridge, High	nway & Transportation Distri County:
Project Title: Purchase Three (3) 40-Foo	ot Diesel-Electric Hybrid Buses

### **Project Lead:**

I certify the scope, cost, schedule, and benefits as identified in the attached Allocation Request (Request) and attachments are true and accurate and demonstrate a fully funded operable project. I understand the Request is subject to any additional restrictions, limitations or conditions that may be enacted by the State Legislature, including the State's budgetary process and/or auction receipts. In the event the project cannot be completed as originally scoped, scheduled and estimated, or the project is terminated prior to completion, project lead shall, at its own expense, ensure that the project is in a safe and operable condition for the public. I understand this project will be monitored by the California Department of Transportation - Division of Rail and Mass Transportation.

California De	partment of Transportation - Division of Rail and Ma	ss Transportation.

### **Table 4: Project Summary**

**a) Project Description** - Describe the project in your own words, using comprehensive overall project description regarding improvements to be made, increased level of service and performance goals.

The District's Board of Directors (Board) resolved in July 2015 to convert the District's bus fleet from diesel-powered to cleaner technologies. After a comprehensive comparative study of several fuel technologies, including diesel, clean natural gas, hydrogen, and zero-emissions battery electric, the Board selected diesel-electric hybrid power as the most feasible and economically-efficient option for the District. This project will help the District to implement its goal of ultimately converting the entire fleet to cleaner fuel technologies. Specifically, this project will provide funds towards the purchase of three (3) 40-foot diesel-electric hybrid buses to replace three (3) 40-foot diesel buses. In addition to providing immediate greenhouse gas reduction benefits, the new diesel-electric hybrid buses will improve the overall state of good repair for the District's fleet by replacing aging buses that have reached the end of their useful lives. The new hybrid buses will demonstrate the District's commitment to moving towards clean energy; and are expected to help attract and retain new riders as the District implements planned service expansions in the near future.

b) Project Location - Describe the location of the project. Also provide an 8 1/2" X 11" project site map that shows the transit service area and project location. Use link to CalEPA website for information, <a href="http://www.calepa.ca.gov/EnvJustice/GHGInvest/default.htm">http://www.calepa.ca.gov/EnvJustice/GHGInvest/default.htm</a>.

The buses that will be procured under this project will operate on existing and future routes within the the District's transit service area and will be parked and serviced at the project location shown on the map (see Attachment 1).

c) Project Life - For capital projects, state the Useful Life of the Project. For operations project state the number of months service will operate.

Capital:

12 years

Operations:

### Low Carbon Transit Operations Program (LCTOP)

### PROJECT DESCRIPTION AND ALLOCATION REQUEST (BENEFITS/OUTCOMES)

### Table 5: Description of Major Benefits/Outcomes

a) Greenhouse Gas Reduction - Describe how this project will reduce greenhouse gases and any assumptions or data that support this description. For example, "The expanded transit service will reduce VMT and greenhouse gas emissions by replacing auto trips with transit trips. Initial estimates indicate that the expansion could add 50 commuter bus riders per day to replace an average auto trip of 10 miles each way." If available, please provide the expected amount of VMT reductions and greenhouse gas reductions.

This project will replace diesel buses with hybrid vehicles resulting in fuel savings and associated greenhouse gas reduction. According to the Environmental and Energy Study Institute, new hybrid vehicles are expected to produce up to 75 percent fewer emissions, including 30-40 percent lower nitrogen oxide (NOx) emissions, than a standard diesel vehicle. Using the GHG emission reduction calculator provided by California Air Resources Board, this project is expected to reduce GHG emissions by 2,860 metric tons of CO<sub>2</sub> annually.

b) Increased Mode Share - Describe how this project will directly increase mode share.

The District has proposed service expansions beginning June 2016 that are expected to increase ridership. This project will upgrade the District's fleet to clean vehicles allowing the District to maintain increased service without corresponding increases in diesel fuel consumption and greenhouse gas emissions. The new hybrid buses will also be a visible way to demonstrate the District's commitment to moving towards clean energy, attracting new riders, and better serving existing passengers.

### c) Disadvantaged Communities (DAC) Project Criteria

**See Attachment B** for DAC Criteria to Evaluate Projects (example: Category 1B Project provides transit incentives to residents with a physical address in a disadvatage community (e.g., vouchers, reduced fares, transit passes).

# Greenhouse Gas Emission Reduction Calculator for the California Department of Transportation (Caltrans) Low Carbon Transit Operations Program (LCTOP) California Air Resources Board (ARB) **Greenhouse Gas Reduction Fund** Fiscal Year 2015-16

\*Updated Emission factors on December 18, 2015.

The California Air Resources Board (ARB) is responsible for providing the quantification methodology to estimate greenhouse gas (GHG) emission reductions from projects receiving monies from

the Greenhouse Gas Reduction Fund (GGRF).

This GHG emission reduction calculator accompanies the quantification methodology for the fiscal year (FY) 2015-16 GGRF Low Carbon Transit and Operations Program (LCTOP) available at: http://www.arb.ca.gov/cc/capandtrade/auctionproceeds/finalictopgm.pdf Applicants must use this calculator to estimate the GHG reductions associated with the LCTOP projects. Refer to the quantification methodology document for background, step by step detailed instructions and examples. To use this calculator, follow these steps:

Step 1 Identify the LCTOP proposed project type(s): The applicant must select at least one eligible project type from Tables 1 or 2 and may select additional project types from Tables 3 or 4.

Step 2 Determine the inputs needed: The applicant will use Tables 5 and 6 to determine the required project details needed for input into this calculator tool for the applicable project type selected

Step 3 Estimate GHG emission reductions: The applicant will enter the project details identified in Step 2 into this calculator tool to calculate the GHG emission reductions of the proposed project.

# Read Me Tab (this page):

Enter the Project Name, Project ID and the contact information for person who can answer project specific questions from staff reviewers on the quantification calculations. The Project ID is assigned by Caltrans. This file will be submitted with other documentation requirements. Please use the following file naming convention: "[Project ID] [Project Name]" not to exceed 20 characters. For example, if the application ID is "1-1C\_001," the project name is "Transit BRT," and the file is the input file, the file name may be "1-1C\_001Transit BRT," Project names may be abbreviated.

in the definitions tab, including how to determine Year 1, Year F, and adjustment factors. Inputs must be substantiated in the documentation provided to ARB; see Section C. Documentation of the These cells will turn black and be locked based on inputs. Applicants should use as many rows as necessary to characterize all relevant features of the proposed project. Definitions are provided Headers in red indicate input needed by the project applicant. For each row, applicants must work from left to right and enter all relevant data. Some cells may not be applicable to the project quantification methodology.

Submit documentation: Save file for submittal. See Section C. Documentation of the quantification methodology for additional documentation requirements.

www.arb.ca.gov/auctionproceeds

For more information on ARB's efforts to support implementation of GGRF investments, see: Questions on the LCTOP program should be forwarded to Questions on this document should be forwarded to

### Low Carbon Transit Operations Program (LCTOP) CERTIFICATIONS AND ASSURANCES

Project Sponsor: Golden Gate Bridge, Highway and Transportation District

Agency Name: Golden Gate Bridge, Highway and Transportation District

Effective Date of this Document: <u>January 22, 2016</u>

The California Department of Transportation (Department) has adopted the following certifications and assurances for the Low Carbon Transit Operations Program. As a condition of the receipt of LCTOP funds, project lead must comply with these terms and conditions.

### A. General

- (1) The project lead agrees to abide by the current LCTOP Guidelines and applicable legal requirements.
- (2) The project lead must submit to the Department a signed Authorized Agent form designating the representative who can submit documents on behalf of the project sponsor and a copy of the board resolution appointing the Authorized Agent.

### **B.** Project Administration

- (1) The project lead certifies that required environmental documentation is complete before requesting an allocation of LCTOP funds. The project lead assures that projects approved for LCTOP funding comply with Public Resources Code § 21100 and § 21150.
- The project lead certifies that a dedicated bank account for LCTOP funds only will be established within 30 days of receipt of LCTOP funds.
- (3) The project lead certifies that when LCTOP funds are used for a transit capital project, that the project will be completed and remain in operation for its useful life.
- (4) The project lead certifies that it has the legal, financial, and technical capacity to carry out the project, including the safety and security aspects of that project.
- (5) The project lead certifies that they will notify the Department of pending litigation, dispute, or negative audit findings related to the project, before receiving an allocation of funds.
- (6) The project lead must maintain satisfactory continuing control over the use of project equipment and facilities and will adequately maintain project equipment and facilities for the useful life of the project.
- (7) Any interest the project lead earns on LCTOP funds must be used only on approved LCTOP projects.
- (8) The project lead must notify the Department of any changes to the approved project with a Corrective Action Plan (CAP).
- (9) Under extraordinary circumstances, a project lead may terminate a project prior to completion. In the event the project lead terminates a project prior to completion, the project lead must (1) contact the Department in writing and follow-up with a phone call verifying receipt of such notice; (2) pursuant to

### **ATTACHMENT A**

State of California – Department of Transportation Division of Rail and Mass Transportation Low Carbon Transit Operations Program (LCTOP) Effective 11/15

verification, submit a final report indicating the reason for the termination and demonstrating the expended funds were used on the intended purpose; (3) submit a request to reassign the funds to a new project within 180 days of termination.

(10) Funds must be encumbered and liquidated within the time allowed.

### C. Reporting

- (1) The project lead must submit the following LCTOP reports:
  - a. Semi-Annual Progress Reports by May 15th and November 15th each year.
  - b. A Final Report within six months of project completion.
  - c. The annual audit required under the Transportation Development Act (TDA), to verify receipt and appropriate expenditure of LCTOP funds. A copy of the audit report must be submitted to the Department within six months of the close of the year (December 31) each year in which LCTOP funds have been received or expended.
- (2) Other Reporting Requirements: ARB is developing funding guidelines that will include reporting requirements for all State agencies that receive appropriations from the Greenhouse Gas Reduction Fund. Caltrans and project sponsors will need to submit reporting information in accordance with ARB's funding guidelines, including reporting on greenhouse gas reductions and benefits to disadvantaged communities.

### D. Cost Principles

- (1) The project lead agrees to comply with Title 2 of the Code of Federal Regulations 225 (2 CFR 225), Cost Principles for State and Local Government, and 49 CFR, Part 18, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments.
- The project lead agrees, and will assure that its contractors and subcontractors will be obligated to agree, that:
  - a. Contract Cost Principles and Procedures, 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31, et seq., shall be used to determine the allow ability of individual project cost items and
  - b. Those parties shall comply with Federal administrative procedures in accordance with 49 CFR, Part 18, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments. Every sub-recipient receiving LCTOP funds as a contractor or sub-contractor shall comply with Federal administrative procedures in accordance with 49 CFR, Part 18, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments.
- Any project cost for which the project lead has received funds that are determined by subsequent audit to be unallowable under 2 CFR 225, 48 CFR, Chapter 1, Part 31 or 49 CFR, Part 18, are subject to repayment by the project lead to the State of California (State). All projects must reduce greenhouse gas emissions, as required under Public Resources Code section 75230, and any project that fails to reduce greenhouse gases shall also have its project costs submit to repayment by the project lead to the State. Should the project lead fail to reimburse moneys due to the State within thirty (30) days of demand, or within such other period as may be agreed in writing between the Parties hereto, the State is authorized to intercept and withhold future payments due the project lead from the State or any third-party source, including but not limited to, the State Treasurer and the State Controller.

#### E. Record Retention

- (1) The project lead agrees, and will assure that its contractors and subcontractors shall establish and maintain an accounting system and records that properly accumulate and segregate incurred project costs and matching funds by line item for the project. The accounting system of the project lead, its contractors and all subcontractors shall conform to Generally Accepted Accounting Principles (GAAP), and enable the determination of incurred costs at interim points of completion. All accounting records and other supporting papers of the project lead, its contractors and subcontractors connected with LCTOP funding shall be maintained for a minimum of three (3) years after the "Project Closeout" report or final Phase 2 report is submitted (per ARB Funding Guidelines, Vol. 3, page 3.A-16), and shall be held open to inspection, copying, and audit by representatives of the State and the California State Auditor. Copies thereof will be furnished by the project lead, its contractors, and subcontractors upon receipt of any request made by the State or its agents. In conducting an audit of the costs claimed, the State will rely to the maximum extent possible on any prior audit of the project lead pursuant to the provisions of federal and State law. In the absence of such an audit, any acceptable audit work performed by the project lead's external and internal auditors may be relied upon and used by the State when planning and conducting additional audits.
- (2) For the purpose of determining compliance with Title 21, California Code of Regulations, Section 2500 et seq., when applicable, and other matters connected with the performance of the project lead's contracts with third parties pursuant to Government Code § 8546.7, the project sponsor, its contractors and subcontractors and the State shall each maintain and make available for inspection all books, documents, papers, accounting records, and other evidence pertaining to the performance of such contracts, including, but not limited to, the costs of administering those various contracts. All of the above referenced parties shall make such materials available at their respective offices at all reasonable times during the entire project period and for three (3) years from the date of final payment. The State, the California State Auditor, or any duly authorized representative of the State, shall each have access to any books, records, and documents that are pertinent to a project for audits, examinations, excerpts, and transactions, and the project lead shall furnish copies thereof if requested.
- (3) The project lead, its contractors and subcontractors will permit access to all records of employment, employment advertisements, employment application forms, and other pertinent data and records by the State Fair Employment Practices and Housing Commission, or any other agency of the State of California designated by the State, for the purpose of any investigation to ascertain compliance with this document.

### F. Special Situations

The Department may perform an audit and/or request detailed project information of the project sponsor's LCTOP funded projects at the Department's discretion at any time prior to the completion of the LCTOP.

I certify all of these conditions will be met.

BY:

DENIS MULLIGAN, General Manager

Golden Gate Bridge, Highway & Transportation District

### **RESOLUTION NO. 2016-006**

## AUTHORIZATION FOR THE EXECUTION OF THE CERTIFICATIONS AND ASSURANCES AND AUTHORIZED AGENT FORMS FOR THE LOW CARBON TRANSIT OPERATIONS PROGRAM (LCTOP)

WHEREAS, the <u>Golden Gate Bridge, Highway & Transportation District</u> is an eligible project sponsor and may receive state funding from the Low Carbon Transit Operations Program (LCTOP) for transit projects; and

WHEREAS, the statutes related to state-funded transit projects require a local or regional implementing agency to abide by various regulations; and

WHEREAS, Senate Bill 862 (2014) named the Department of Transportation (Department) as the administrative agency for the LCTOP; and

WHEREAS, the Department has developed guidelines for the purpose of administering and distributing LCTOP funds to eligible project sponsors (local agencies); and

WHEREAS, the <u>Golden Gate Bridge, Highway & Transportation District</u> wishes to delegate authorization to execute these documents and any amendments thereto to <u>Denis Mulligan, General manager.</u>

**NOW, THEREFORE, BE IT RESOLVED** by the Board of Directors of the <u>Golden Gate Bridge, Highway & Transportation District</u> that the fund recipient agrees to comply with all conditions and requirements set forth in the Certification and Assurances and the Authorized Agent documents and applicable statutes, regulations and guidelines for all LCTOP funded transit projects.

**NOW THEREFORE, BE IT FURTHER RESOLVED** that *Denis Mulligan, General Mulligan* be authorized to execute all required documents of the LCTOP program and any Amendments thereto with the California Department of Transportation.

AGENCY BOARD DESIGNEE:

BY: Dick Grosboll, President, Board of Directors

Golden Gate Bridge, Highway and Transportation District

### **RESOLUTION NO. 2016-006**

# AUTHORIZATION FOR THE EXECUTION OF THE THE LOW CARBON TRANSIT OPERATIONS PROGRAM (LCTOP) PROJECT: (REPLACEMENT PURCHASE OF THREE 40-FOOT DIESEL-HYBRID BUSES, ESTIMATED TOTAL COST OF \$2.47 MILLION)

WHEREAS, the <u>Golden Gate Bridge, Highway & Transportation District</u> is an eligible project sponsor and may receive state funding from the Low Carbon Transit Operations Program (LCTOP) now or sometime in the future for transit projects; and

WHEREAS, the statutes related to state-funded transit projects require a local or regional implementing agency to abide by various regulations; and

WHEREAS, Senate Bill 862 (2014) named the Department of Transportation (Caltrans) as the administrative agency for the LCTOP; and

WHEREAS, the Department has developed guidelines for the purpose of administering and distributing LCTOP funds to eligible project sponsors (local agencies); and

WHEREAS, the <u>Golden Gate Bridge, Highway & Transportation District</u> wishes to implement the LCTOP project(s) listed above,

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the <u>Golden Gate</u>

<u>Bridge, Highway & Transportation District</u> that the fund recipient agrees to comply with all conditions and requirements set forth in the applicable statutes, regulations and guidelines for all LCTOP funded transit projects.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the <u>Golden Gate Bridge</u>. Highway & Transportation District that it hereby authorizes the submittal of the following project nomination and allocation request to Caltrans in FY 2015-16 LCTOP funds:

**Project Name:** Replacement purchase of three (3) 40-foot diesel-hybrid buses Amount of LCTOP funds requested: \$1,127,862

**Short description of project:** The project will replace three (3) 45-foot diesel buses in its existing fleet which will have reached the end of their useful life with three (3) 40-foot lower emission diesel-hybrid buses. Consistent with the requirements of the LCTOP program, this project is expected to result in lower greenhouse gas emissions from the District's transit fleet.
